

Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as [Public Acts](#) soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the [Guide](#).

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

Article 1. General Provisions

(Source: P.A. 94-1055, eff. 1-1-07.)

(735 ILCS 30/1-1-1)

Sec. 1-1-1. Short title. This Act may be cited as the Eminent Domain Act.

(Source: P.A. 94-1055, eff. 1-1-07.)

(735 ILCS 30/1-1-5)

Sec. 1-1-5. Definitions. As used in this Act, except with respect to the acquisition or damaging of property authorized under the O'Hare Modernization Act:

"Acquisition of property", unless the context otherwise requires, includes the acquisition, damaging, or use of property or any right to or interest in property.

"Blighted area", "blight", and "blighted" have the same meanings as under the applicable statute authorizing the condemning authority to exercise the power of eminent domain or, if those terms have no defined meaning under the applicable statute, then the same meanings as under Section 11-74.4-3 of the Illinois Municipal Code.

"Condemning authority" means the State or any unit of local government, school district, or other entity authorized to exercise the power of eminent domain.

(735 ILCS 30/Art. 5 heading)

Article 5. General Exercise

(Source: P.A. 94-1055, eff. 1-1-07.)

(735 ILCS 30/5-5-5)

Sec. 5-5-5. Exercise of the power of eminent domain; public use; blight.

(a) In addition to all other limitations and requirements, a condemning authority may not take or damage property by the exercise of the power of eminent domain unless it is for a

public use, as set forth in this Section.

(a-5) Subsections (b), (c), (d), (e), and (f) of this Section do not apply to the acquisition of property under the O'Hare Modernization Act. A condemning authority may exercise the power of eminent domain for the acquisition or damaging of property under the O'Hare Modernization Act as provided for by law in effect prior to the effective date of this Act.

(a-10) Subsections (b), (c), (d), (e), and (f) of this Section do not apply to the acquisition or damaging of property in furtherance of the goals and objectives of an existing tax increment allocation redevelopment plan. A condemning authority may exercise the power of eminent domain for the acquisition of property in furtherance of an existing tax increment allocation redevelopment plan as provided for by law in effect prior to the effective date of this Act.

As used in this subsection, "existing tax increment allocation redevelopment plan" means a redevelopment plan that was adopted under the Tax Increment Allocation Redevelopment Act (Article 11, Division 74.4 of the Illinois Municipal Code) prior to April 15, 2006 and for which property assembly costs were, before that date, included as a budget line item in the plan or described in the narrative portion of the plan as part of the redevelopment project, but does not include (i) any additional area added to the redevelopment project area on or after April 15, 2006, (ii) any subsequent extension of the completion date of a redevelopment plan beyond the estimated completion date established in that plan prior to April 15, 2006, (iii) any acquisition of property in a conservation area for which the condemnation complaint is filed more than 12 years after the effective date of this Act, or (iv) any acquisition of property in an industrial park conservation area.

As used in this subsection, "conservation area" and "industrial park conservation area" have the same meanings as under Section 11-74.4-3 of the Illinois Municipal Code.

(b) If the exercise of eminent domain authority is to acquire property for public ownership and control, then the condemning authority must prove that (i) the acquisition of the property is necessary for a public purpose and (ii) the acquired property will be owned and controlled by the condemning authority or another governmental entity.

(c) Except when the acquisition is governed by subsection (b) or is primarily for one of the purposes specified in subsection (d), (e), or (f) and the condemning authority elects to proceed under one of those subsections, if the exercise of eminent domain authority is to acquire property for private ownership or control, or both, then the condemning authority must prove by clear and convincing evidence that the acquisition of the property for private ownership or control is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose.

An acquisition of property primarily for the purpose of the elimination of blight is rebuttably presumed to be for a public purpose and primarily for the benefit, use, or enjoyment of the public under this subsection.

Any challenge to the existence of blighting factors alleged in a complaint to condemn under this subsection shall be raised

within 6 months of the filing date of the complaint to condemn, and if not raised within that time the right to challenge the existence of those blighting factors shall be deemed waived.

Evidence that the Illinois Commerce Commission has granted a certificate or otherwise made a finding of public convenience and necessity for an acquisition of property (or any right or interest in property) for private ownership or control (including, without limitation, an acquisition for which the use of eminent domain is authorized under the Public Utilities Act, the Telephone Company Act, or the Electric Supplier Act) to be used for utility purposes creates a rebuttable presumption that such acquisition of that property (or right or interest in property) is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose.

In the case of an acquisition of property (or any right or interest in property) for private ownership or control to be used for utility, pipeline, or railroad purposes for which no certificate or finding of public convenience and necessity by the Illinois Commerce Commission is required, evidence that the acquisition is one for which the use of eminent domain is authorized under one of the following laws creates a rebuttable presumption that the acquisition of that property (or right or interest in property) is (i) primarily for the benefit, use, or enjoyment of the public and (ii) necessary for a public purpose:

- (1) the Public Utilities Act,
- (2) the Telephone Company Act,
- (3) the Electric Supplier Act,
- (4) the Railroad Terminal Authority Act,
- (5) the Grand Avenue Railroad Relocation Authority

Act,

(6) the West Cook Railroad Relocation and Development Authority Act,

(7) Section 4-505 of the Illinois Highway Code,

(8) Section 17 or 18 of the Railroad Incorporation

Act,

(9) Section 18c-7501 of the Illinois Vehicle Code.

(d) If the exercise of eminent domain authority is to acquire property for private ownership or control and if the primary basis for the acquisition is the elimination of blight and the condemning authority elects to proceed under this subsection, then the condemning authority must: (i) prove by a preponderance of the evidence that acquisition of the property for private ownership or control is necessary for a public purpose; (ii) prove by a preponderance of the evidence that the property to be acquired is located in an area that is currently designated as a blighted area or conservation area under an applicable statute; (iii) if the existence of blight or blighting factors is challenged in an appropriate motion filed within 6 months after the date of filing of the complaint to condemn, prove by a preponderance of the evidence that the required blighting factors existed in the area so designated (but not necessarily in the particular property to be acquired) at the time of the designation under item (ii) or at any time thereafter; and (iv) prove by a preponderance of the evidence at least one of the following:

- (A) that it has entered into an express written

agreement in which a private person or entity agrees to undertake a development project within the blighted area that specifically details the reasons for which the property or rights in that property are necessary for the development project;

(B) that the exercise of eminent domain power and the proposed use of the property by the condemning authority are consistent with a regional plan that has been adopted within the past 5 years in accordance with Section 5-14001 of the Counties Code or Section 11-12-6 of the Illinois Municipal Code or with a local land resource management plan adopted under Section 4 of the Local Land Resource Management Planning Act; or

(C) that (1) the acquired property will be used in the development of a project that is consistent with the land uses set forth in a comprehensive redevelopment plan prepared in accordance with the applicable statute authorizing the condemning authority to exercise the power of eminent domain and is consistent with the goals and purposes of that comprehensive redevelopment plan, and (2) an enforceable written agreement, deed restriction, or similar encumbrance has been or will be executed and recorded against the acquired property to assure that the project and the use of the property remain consistent with those land uses, goals, and purposes for a period of at least 40 years, which execution and recording shall be included as a requirement in any final order entered in the condemnation proceeding.

The existence of an ordinance, resolution, or other official act designating an area as blighted is not prima facie evidence of the existence of blight. A finding by the court in a condemnation proceeding that a property or area has not been proven to be blighted does not apply to any other case or undermine the designation of a blighted area or conservation area or the determination of the existence of blight for any other purpose or under any other statute, including without limitation under the Tax Increment Allocation Redevelopment Act (Article 11, Division 74.4 of the Illinois Municipal Code).

Any challenge to the existence of blighting factors alleged in a complaint to condemn under this subsection shall be raised within 6 months of the filing date of the complaint to condemn, and if not raised within that time the right to challenge the existence of those blighting factors shall be deemed waived.

(e) If the exercise of eminent domain authority is to acquire property for private ownership or control and if the primary purpose of the acquisition is one of the purposes specified in item (iii) of this subsection and the condemning authority elects to proceed under this subsection, then the condemning authority must prove by a preponderance of the evidence that: (i) the acquisition of the property is necessary for a public purpose; (ii) an enforceable written agreement, deed restriction, or similar encumbrance has been or will be executed and recorded against the acquired property to assure that the project and the use of the property remain consistent with the applicable purpose specified in item (iii) of this subsection for a period of at least 40 years, which execution

and recording shall be included as a requirement in any final order entered in the condemnation proceeding; and (iii) the acquired property will be one of the following:

(1) included in the project site for a residential project, or a mixed-use project including residential units, where not less than 20% of the residential units in the project are made available, for at least 15 years, by deed restriction, long-term lease, regulatory agreement, extended use agreement, or a comparable recorded encumbrance, to low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act;

(2) used primarily for public airport, road, parking, or mass transportation purposes and sold or leased to a private party in a sale-leaseback, lease-leaseback, or similar structured financing;

(3) owned or used by a public utility or electric cooperative for utility purposes;

(4) owned or used by a railroad for passenger or freight transportation purposes;

(5) sold or leased to a private party that operates a water supply, waste water, recycling, waste disposal, waste-to-energy, or similar facility;

(6) sold or leased to a not-for-profit corporation whose purposes include the preservation of open space, the operation of park space, and similar public purposes;

(7) used as a library, museum, or related facility, or as infrastructure related to such a facility;

(8) used by a private party for the operation of a charter school open to the general public; or

(9) a historic resource, as defined in Section 3 of the Illinois State Agency Historic Resources Preservation Act, a landmark designated as such under a local ordinance, or a contributing structure within a local landmark district listed on the National Register of Historic Places, that is being acquired for purposes of preservation or rehabilitation.

(f) If the exercise of eminent domain authority is to acquire property for public ownership and private control and if the primary purpose of the acquisition is one of the purposes specified in item (iii) of this subsection and the condemning authority elects to proceed under this subsection, then the condemning authority must prove by a preponderance of the evidence that: (i) the acquisition of the property is necessary for a public purpose; (ii) the acquired property will be owned by the condemning authority or another governmental entity; and (iii) the acquired property will be controlled by a private party that operates a business or facility related to the condemning authority's operation of a university, medical district, hospital, exposition or convention center, mass transportation facility, or airport, including, but not limited to, a medical clinic, research and development center, food or commercial concession facility, social service facility, maintenance or storage facility, cargo facility, rental car facility, bus facility, taxi facility, flight kitchen, fixed based operation, parking facility, refueling facility, water

supply facility, and railroad tracks and stations.

(g) This Article is a limitation on the exercise of the power of eminent domain, but is not an independent grant of authority to exercise the power of eminent domain.

(735 ILCS 30/10-5-5) (was 735 ILCS 5/7-101)

Sec. 10-5-5. Compensation; jury.

(a) Private property shall not be taken or damaged for public use without just compensation and, in all cases in which compensation is not made by the condemning authority, compensation shall be ascertained by a jury, as provided in this Act. When compensation is so made by the condemning authority, any party, upon application, may have a trial by jury to ascertain the just compensation to be paid. A demand on the part of the condemning authority for a trial by jury shall be filed with the complaint for condemnation of the condemning authority. When the condemning authority is plaintiff, a defendant desirous of a trial by jury must file a demand for a trial by jury on or before the return date of the summons served on him or her or on or before the date fixed in the publication in case of defendants served by publication. If no party in the condemnation action demands a trial by jury, as provided for by this Section, then the trial shall be before the court without a jury.

(b) The right to just compensation, as provided in this Act, applies to the owner or owners of any lawfully erected off-premises outdoor advertising sign that is compelled to be altered or removed under this Act or any other statute, or under any ordinance or regulation of any municipality or other unit of local government, and also applies to the owner or owners of the property on which that sign is erected. The right to just compensation, as provided in this Act, applies to property subject to a conservation right under the Real Property Conservation Rights Act. The amount of compensation for the taking of the property shall not be diminished or reduced by virtue of the existence of the conservation right. The holder of the conservation right shall be entitled to just compensation for the value of the conservation right.

Sec. 10-5-10. Parties.

(a) When the right (i) to take private property for public use, without the owner's consent, (ii) to construct or maintain any public road, railroad, plankroad, turnpike road, canal, or other public work or improvement, or (iii) to damage property not actually taken has been or is conferred by general law or special charter upon any corporate or municipal authority,

public body, officer or agent, person, commissioner, or corporation and when (i) the compensation to be paid for or in respect of the property sought to be appropriated or damaged for the purposes mentioned cannot be agreed upon by the parties interested, (ii) the owner of the property is incapable of consenting, (iii) the owner's name or residence is unknown, or (iv) the owner is a nonresident of the State, then the party authorized to take or damage the property so required, or to construct, operate, and maintain any public road, railroad, plankroad, turnpike road, canal, or other public work or improvement, may apply to the circuit court of the county where the property or any part of the property is situated, by filing with the clerk a complaint. The complaint shall set forth, by reference, (i) the complainant's authority in the premises, (ii) the purpose for which the property is sought to be taken or damaged, (iii) a description of the property, and (iv) the names of all persons interested in the property as owners or otherwise, as appearing of record, if known, or if not known stating that fact; and shall pray the court to cause the compensation to be paid to the owner to be assessed.

(b) If it appears that any person not in being, upon coming into being, is, or may become or may claim to be, entitled to any interest in the property sought to be appropriated or damaged, the court shall appoint some competent and disinterested person as guardian ad litem to appear for and represent that interest in the proceeding and to defend the proceeding on behalf of the person not in being. Any judgment entered in the proceeding shall be as effectual for all purposes as though the person was in being and was a party to the proceeding.

(c) If the proceeding seeks to affect the property of persons under guardianship, the guardians shall be made parties defendant.

(d) Any interested persons whose names are unknown may be made parties defendant by the same descriptions and in the same manner as provided in other civil cases.

(e) When the property to be taken or damaged is a common element of property subject to a declaration of condominium ownership, pursuant to the Condominium Property Act, or of a common interest community, the complaint shall name the unit owners' association in lieu of naming the individual unit owners and lienholders on individual units. Unit owners, mortgagees, and other lienholders may intervene as parties defendant. For the purposes of this Section, "common interest community" has the same meaning as set forth in subsection (c) of Section 9-102 of the Code of Civil Procedure. "Unit owners' association" or "association" shall refer to both the definition contained in Section 2 of the Condominium Property Act and subsection (c) of Section 9-102 of the Code of Civil Procedure.

(f) When the property is sought to be taken or damaged by the State for the purposes of establishing, operating, or maintaining any State house or State charitable or other institutions or improvements, the complaint shall be signed by the Governor, or the Governor's designee, or as otherwise provided by law.

(g) No property, except property described in Section 3 of

the Sports Stadium Act, property to be acquired in furtherance of actions under Article 11, Divisions 124, 126, 128, 130, 135, 136, and 139, of the Illinois Municipal Code, property to be acquired in furtherance of actions under Section 3.1 of the Intergovernmental Cooperation Act, property to be acquired that is a water system or waterworks pursuant to the home rule powers of a unit of local government, and property described as Site B in Section 2 of the Metropolitan Pier and Exposition Authority Act, and property that may be taken as provided in the Public-Private Agreements for the South Suburban Airport Act belonging to a railroad or other public utility subject to the jurisdiction of the Illinois Commerce Commission may be taken or damaged, pursuant to the provisions of this Act, without the prior approval of the Illinois Commerce Commission.

(a) This Section applies only to the State and its agencies, and only to matters arising after December 31, 1991.

(b) Before any State agency initiates any proceeding under this Act, the agency must designate and provide for an appropriate person to respond to requests arising from the notifications required under this Section. The designated person may be an employee of the agency itself or an employee of any other appropriate State agency. The designated person shall respond to property owners' questions about the authority and procedures of the State agency in acquiring property by condemnation and about the property owner's general rights under those procedures. However, the designated person shall not provide property owners with specific legal advice or specific legal referrals.

(c) At the time of first contact with a property owner, whether in person or by letter, the State agency shall advise the property owner, in writing, of the following:

(1) A description of the property that the agency seeks to acquire.

(2) The name, address, and telephone number of the State official designated under subsection (b) to answer the property owner's questions.

(3) The identity of the State agency attempting to acquire the property.

(4) The general purpose of the proposed acquisition.

(5) The type of facility to be constructed on the property, if any.

(d) At least 60 days before filing a petition with any court to initiate a proceeding under this Act, a State agency shall send a letter by certified mail, return receipt requested, to the owner of the property to be taken, giving the property owner the following information:

(1) The amount of compensation for the taking of the property proposed by the agency and the basis for computing it.

(2) A statement that the agency continues to seek a negotiated agreement with the property owner.

(3) A statement that, in the absence of a negotiated

agreement, it is the intention of the agency to initiate a court proceeding under this Act.

The State agency shall maintain a record of the letters sent in compliance with this Section for at least one year.

(e) Any duty imposed on a State agency by this Section may be assumed by the Office of the Attorney General, the Capital Development Board, or any other agency of State government that is assisting or acting on behalf of the State agency in the matter.

Any number of separate parcels of property, situated in the same county, may be included in one complaint, and the compensation for each shall be assessed separately by the same or different juries, as the court may direct.

Amendments to the complaint, or to any paper or record in the cause, may be permitted whenever necessary to a fair trial and final determination of the questions involved.

Should it become necessary at any stage of the proceedings to bring in a new party in the litigation, the court has the power to: (i) make any rule or order in relation thereto as may be deemed reasonable and proper; (ii) make all necessary rules and orders for notice to parties of the pendency of the proceedings; and (iii) issue all process necessary to the enforcement of orders and judgments.

After hearing the proof offered, the jury shall make its report in writing. The report shall be subject to amendment by the jury, under the direction of the court, so as to clearly set forth and show the compensation ascertained to each person thereto entitled, and the verdict shall thereupon be recorded. Sec. 10-5-60. Value. Except as to property designated as possessing a special use, the fair cash market value of property in a proceeding in eminent domain shall be the amount of money that a purchaser, willing, but not obligated, to buy the

property, would pay to an owner willing, but not obliged, to sell in a voluntary sale.

For the acquisition or damaging of property under the O'Hare Modernization Act, the amount shall be determined as of the date of filing the complaint to condemn. For the acquisition of other property, the amount shall be determined and ascertained as of the date of filing the complaint to condemn, except that:

(i) in the case of property not being acquired under Article 20 (quick-take), if the trial commences more than 2 years after the date of filing the complaint to condemn, the court may, in the interest of justice and equity, declare a valuation date no sooner than the date of filing the complaint to condemn and no later than the date of commencement of the trial; and

(ii) in the case of property that is being acquired under Article 20 (quick-take), if the trial commences more than 2 years after the date of filing the complaint to condemn, the court may, in the interest of justice and equity, declare a valuation date no sooner than the date of filing the complaint to condemn and no later than the date on which the condemning authority took title to the property.

In the condemnation of property for a public improvement, there shall be excluded from the fair cash market value of the property any appreciation in value proximately caused by the improvement and any depreciation in value proximately caused by the improvement. However, such appreciation or depreciation shall not be excluded when property is condemned for a separate project conceived independently of and subsequent to the original project.

Except when federal funds are available for the payment of direct financial assistance to persons displaced by the acquisition of their real property, in all condemnation proceedings for the taking or damaging of real property under the exercise of the power of eminent domain, the condemning authority shall pay to displaced persons reimbursement for their reasonable relocation costs, determined in the same manner as under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended from time to time, and as implemented by regulations promulgated under that Act. This Section does not apply to the acquisition or damaging of property under the O'Hare Modernization Act.

When the condemning authority is required by a court to initiate condemnation proceedings for the actual physical taking of real property, the court rendering judgment for the property owner and awarding just compensation for the taking shall determine and award or allow to the property owner, as part of that judgment or award, further sums as will, in the opinion of the

court, reimburse the property owner for the owner's reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees actually incurred by the property owner in those proceedings.

Sec. 10-5-70. Judgments.

(a) If the plaintiff is not in possession pursuant to an order entered under the provisions of Section 20-5-15 of this Act, the court, upon the report of the jury under Section 10-5-45 or upon the court's ascertainment and finding of the just compensation when there was no jury, shall proceed to adjudge and make such order as to right and justice shall pertain, ordering that the plaintiff shall enter upon the property and the use of the property upon payment of full compensation as ascertained, within a reasonable time to be fixed by the court. That order, together with evidence of payment, shall constitute complete justification of the taking of the property. Thereupon, the court in the same eminent domain proceeding in which the orders have been made shall have exclusive authority to hear and determine all rights in and to just compensation and shall make findings as to the rights of the parties, which shall be paid by the county treasurer out of the respective awards deposited with him or her, as provided in Section 10-5-85 of this Act, except when the parties claimant are engaged in litigation in a court having acquired jurisdiction of the parties with respect to their rights in the property condemned prior to the time of the filing of the complaint to condemn. Appeals may be taken from any findings by the court as to the rights of the parties in and to the compensation paid to the county treasurer as in other civil cases.

If the plaintiff dismisses the complaint before the entry of the order by the court first mentioned in this subsection (a) or fails to make payment of full compensation within the time named in that order or if the final judgment is that the plaintiff cannot acquire the property by condemnation, the court shall, upon the application of the defendants or any of them, enter an order in the action for the payment by the plaintiff of all costs, expenses, and reasonable attorney fees paid or incurred by the defendant or defendants in defense of the complaint, as upon the hearing of the application shall be right and just, and also for the payment of the taxable costs.

(b) If the plaintiff is in possession pursuant to an order entered under the provisions of Section 20-5-15 of this Act and if Section 20-5-45 of this Act is inapplicable, then the court, upon the jury's report under Section 10-5-45 of this Act or upon the court's determination of just compensation if there was no jury, shall enter an order setting forth the amount of just compensation so finally ascertained and ordering and directing the payment of any amount of just compensation that may remain due to any of the interested parties, directing the return of any excess in the deposit remaining with the clerk of the court, and directing the refund of any excess amount withdrawn from the deposit by any of the interested parties.

Sec. 10-5-105. Sale of certain property acquired by condemnation.

(a) This Section applies only to property that (i) has been acquired after the effective date of this Act by condemnation or threat of condemnation, (ii) was acquired for public ownership and control by the condemning authority or another public entity, and (iii) has been under the ownership and control of the condemning authority or that other public entity for a total of less than 5 years.

As used in this Section, "threat of condemnation" means that the condemning authority has made an offer to purchase property and has the authority to exercise the power of eminent domain with respect to that property.

(b) Any governmental entity seeking to dispose of property to which this Section applies must dispose of that property in accordance with this Section, unless disposition of that property is otherwise specifically authorized or prohibited by law enacted by the General Assembly before, on, or after the effective date of this Act.

(c) The sale or public auction by the State of property to which this Section applies must be conducted in the manner provided in the State Property Control Act for the disposition of surplus property.

(d) The sale or public auction by a municipality of property to which this Section applies must be conducted in accordance with Section 11-76-4.1 or 11-76-4.2 of the Illinois Municipal Code.

(e) The sale or public auction by any other unit of local

government or school district of property to which this Section applies must be conducted in accordance with this subsection (e). The corporate authorities of the unit of local government or school district, by resolution, may authorize the sale or public auction of the property as surplus public real estate. The value of the real estate shall be determined by a written MAI-certified appraisal or by a written certified appraisal of a State-certified or State-licensed real estate appraiser. The appraisal shall be available for public inspection. The resolution may direct the sale to be conducted by the staff of the unit of local government or school district; by listing with local licensed real estate agencies, in which case the terms of the agent's compensation shall be included in the resolution; or by public auction. The resolution shall be published at the first opportunity following its passage in a newspaper or newspapers published in the county or counties in which the unit of local government or school district is located. The resolution shall also contain pertinent information concerning the size, use, and zoning of the real estate and the terms of sale. The corporate authorities of the unit of local government or school district may accept any contract proposal determined by them to be in the best interest of the unit of local government or school district by a vote of two-thirds of the members of the corporate authority of the unit of local government or school district then holding office, but in no event at a price less than 80% of the appraised value.

(f) This Section does not apply to the acquisition or damaging of property under the O'Hare Modernization Act. (Source: P.A. 94-1055, eff. 1-1-07; 95-331, eff. 8-21-07.)

Sec. 10-5-110. Offers of settlement by defendant; attorney's fees and litigation expenses.

(a) This Section applies only to proceedings for the acquisition of property for private ownership or control that are subject to subsection (c), (d), (e), or (f) of Section 5-5-5.

(b) At any time between (i) the close of discovery in accordance with Supreme Court Rule 218(c), as now or hereafter amended, or another date set by the court or agreed to by the parties, and (ii) 14 days before the commencement of trial to determine final just compensation, any defendant may serve upon the plaintiff a written offer setting forth the amount of compensation that the defendant will accept for the taking of that defendant's interest in the property. If the defendant does not make such an offer, the defendant shall not be entitled to the attorney's fees and other reimbursement provided under subsection (e) of this Section.

(c) If, within 10 days after service of the offer, the plaintiff serves written notice upon that defendant that the offer is accepted, then either of those parties may file a copy of the offer and a copy of the notice of acceptance together with proof of service of the notice. The court shall then enter judgment.

(d) An offer that is not accepted within the 10-day period is deemed to be withdrawn and evidence of the offer is not

admissible at trial.

(e) If a plaintiff does not accept an offer as provided in subsection (c) and if the final just compensation for the defendant's interest is determined by the trier of fact to be equal to or in excess of the amount of the defendant's last written offer under subsection (b), then the court must order the plaintiff to pay to the defendant that defendant's attorney's fees as calculated under subsection (f) of this Section. The plaintiff shall also pay to the defendant that defendant's reasonable costs and litigation expenses, including, without limitation, expert witness and appraisal fees, incurred after the making of the defendant's last written offer under subsection (b).

(f) Any award of attorney's fees under this Section shall be based solely on the net benefit achieved for the property owner, except that the court may also consider any non-monetary benefits obtained for the property owner through the efforts of the attorney to the extent that the non-monetary benefits are specifically identified by the court and can be quantified by the court with a reasonable degree of certainty. "Net benefit" means the difference, exclusive of interest, between the final judgment or settlement and the last written offer made by the condemning authority before the filing date of the condemnation complaint. The award shall be calculated as follows, subject to the Illinois Rules of Professional Conduct:

- (1) 33% of the net benefit if the net benefit is \$250,000 or less;
- (2) 25% of the net benefit if the net benefit is more than \$250,000 but less than \$1 million; or
- (3) 20% of the net benefit if the net benefit is \$1 million or more.

(g) This Section does not apply to the acquisition of property under the O'Hare Modernization Act.

Sec. 15-1-5. Grants of power in other statutes; this Act controls. The State of Illinois and its various subdivisions and agencies, and all units of local government, school districts, and other entities, have the powers of condemnation and eminent domain that are (i) expressly provided in this Act or (ii) expressly provided in any other provision of law. (735 ILCS 30/15-5-1)

Sec. 15-5-1. Form and content of list. The Sections of this Part 5 are intended to constitute a list of the Sections of the Illinois Compiled Statutes that include express grants of the power to acquire property by condemnation or eminent domain.

The list is intended to be comprehensive, but there may be accidental omissions and inclusions. Inclusion in the list does not create a grant of power, and it does not continue or revive a grant of power that has been amended or repealed or is no longer applicable. Omission from the list of a statute that includes an express grant of the power to acquire property by condemnation or eminent domain does not invalidate that grant of power.

The list does not include the grants of quick-take power that are set forth in Article 25 of this Act, nor any other grants of power that are expressly granted under the other provisions of this Act.

Items in the list are presented in the following form: ILCS citation; short title of the Act; condemning authority; brief statement of purpose for which the power is granted.

Sec. 20-5-5. Quick-take.

(a) This Section applies only to proceedings under this Article that are authorized in this Article and in Article 25 of this Act.

(b) In a proceeding subject to this Section, the plaintiff, at any time after the complaint has been filed and before judgment is entered in the proceeding, may file a written motion requesting that, immediately or at some specified later date, the plaintiff either: (i) be vested with the fee simple title (or such lesser estate, interest, or easement, as may be required) to the real property, or a specified portion of that property, which is the subject of the proceeding, and be authorized to take possession of and use the property; or (ii) only be authorized to take possession of and to use the property, if possession and use, without the vesting of title, are sufficient to permit the plaintiff to proceed with the project until the final ascertainment of compensation. No land or interests in land now or hereafter owned, leased, controlled, or operated and used by, or necessary for the actual operation of, any common carrier engaged in interstate commerce, or any other public utility subject to the jurisdiction of the Illinois Commerce Commission, shall be taken or appropriated under this Section by the State of Illinois, the Illinois Toll Highway Authority, the sanitary district, the St. Louis Metropolitan Area Airport Authority, or the Board of Trustees of the University of Illinois without first securing the approval of the Illinois Commerce Commission.

Except as otherwise provided in this Article, the motion for taking shall state: (1) an accurate description of the property to which the motion relates and the estate or interest sought to be acquired in that property; (2) the formally adopted schedule or plan of operation for the execution of the plaintiff's project; (3) the situation of the property to which the motion relates, with respect to the schedule or plan; (4) the necessity for taking the property in the manner requested in the motion; and (5) if the property (except property described in Section 3 of the Sports Stadium Act or property described as Site B in Section 2 of the Metropolitan Pier and Exposition Authority Act) to be taken is owned, leased, controlled, or operated and used by, or necessary for the actual operation of, any interstate common carrier or other public utility subject to the jurisdiction of the Illinois Commerce Commission, a statement to the effect that the approval of the proposed taking has been secured from the Commission, and attaching to the motion a certified copy of the order of the Illinois Commerce Commission granting approval. If the schedule or plan of operation is not set forth fully in the motion, a copy of the schedule or plan shall be attached to the motion.

Sec. 20-5-10. Preliminary finding of compensation.

(a) The court shall fix a date, not less than 5 days after the filing of a motion under Section 20-5-5, for the hearing on that motion and shall require due notice to be given to each

party to the proceeding whose interests would be affected by the taking requested, except that any party who has been or is being served by publication and who has not entered his or her appearance in the proceeding need not be given notice unless the court so requires, in its discretion and in the interests of justice.

(b) At the hearing, if the court has not previously, in the same proceeding, determined that the plaintiff has authority to exercise the right of eminent domain, that the property sought to be taken is subject to the exercise of that right, and that the right of eminent domain is not being improperly exercised in the particular proceeding, then the court shall first hear and determine those matters. The court's order on those matters is appealable and an appeal may be taken from that order by either party within 30 days after the entry of the order, but not thereafter, unless the court, on good cause shown, extends the time for taking the appeal. However, no appeal shall stay the further proceedings prescribed in this Act unless the appeal is taken by the plaintiff or unless an order staying further proceedings is entered either by the trial court or by the court to which the appeal is taken.

(c) If the foregoing matters are determined in favor of the plaintiff and further proceedings are not stayed, or if further proceedings are stayed and the appeal results in a determination in favor of the plaintiff, the court then shall hear the issues raised by the plaintiff's motion for taking. If the court finds that reasonable necessity exists for taking the property in the manner requested in the motion, then the court shall hear such evidence as it may consider necessary and proper for a preliminary finding of just compensation. In its discretion, the court may appoint 3 competent and disinterested appraisers as agents of the court to evaluate the property to which the motion relates and to report their conclusions to the court; and their fees shall be paid by the plaintiff. The court shall then make a preliminary finding of the amount constituting just compensation.

(d) The court's preliminary finding of just compensation and any deposit made or security provided pursuant to that finding shall not be evidence in the further proceedings to ascertain finally the just compensation to be paid and shall not be disclosed in any manner to a jury impaneled in the proceedings. If appraisers have been appointed, as authorized under this Article, their report shall not be evidence in those further proceedings, but the appraisers may be called as witnesses by the parties to the proceedings.

Sec. 20-5-15. Deposit in court; possession.

(a) If the plaintiff deposits with the county treasurer money in the amount preliminarily found by the court to be just compensation, the court shall enter an order of taking, vesting in the plaintiff the fee simple title (or such lesser estate, interest, or easement, as may be required) to the property, if such vesting has been requested and has been found necessary by the court, at a date the court considers proper, and fixing a

date on which the plaintiff is authorized to take possession of and to use the property.

(b) If, at the request of any interested party and upon his or her showing of undue hardship or other good cause, the plaintiff's authority to take possession of the property is postponed for more than 10 days after the date of vesting of title or more than 15 days after the entry of the order of taking when the order does not vest title in the plaintiff, then that party shall pay to the plaintiff a reasonable rental for the property in an amount determined by the court. Injunctive relief or any other appropriate judicial process or procedure shall be available to place the plaintiff in possession of the property on and after the date fixed by the court for the taking of possession and to prevent any unauthorized interference with possession and the plaintiff's proper use of the property. The county treasurer shall refund to the plaintiff the amount deposited prior to October 1, 1973 that is in excess of the amount preliminarily found by the court to be just compensation.

(c) When property is taken by a unit of local government for the purpose of constructing a body of water to be used by a local government-owned "public utility", as defined in Section 11-117-2 of the Illinois Municipal Code, and the unit of local government intends to sell or lease the property to a non-governmental entity, the defendants holding title before the order that transferred title shall be allowed first opportunity to repurchase the property for a fair market value or first opportunity to lease the property for a fair market value.

Sec. 20-5-20. Withdrawal by persons having an interest. At any time after the plaintiff has taken possession of the property pursuant to the order of taking, if an appeal has not been and will not be taken from the court's order described in subsection (b) of Section 20-5-10 of this Act, or if such an appeal has been taken and has been determined in favor of the plaintiff, any party interested in the property may apply to the court for authority to withdraw, for his or her own use, his or her share (or any part thereof) of the amount preliminarily found by the court to be just compensation and deposited by the plaintiff, in accordance with the provisions of subsection (a) of Section 20-5-15 of this Act, as that share is determined by the court. The court shall then fix a date for a hearing on the application for authority to withdraw and shall require due notice of the application to be given to each party whose interests would be affected by the withdrawal. After the hearing, the court may authorize the withdrawal requested, or any part thereof as is proper, but upon the condition that the party making the withdrawal shall refund to the clerk of the court, upon the entry of a proper court order, any portion of the amount withdrawn that exceeds the amount finally ascertained in the proceeding to be just compensation (or damages, costs, expenses, or attorney fees) owing to that party.

Sec. 20-5-25. Persons contesting not to be prejudiced. Neither the plaintiff nor any party interested in the property, by taking any action authorized by Sections 20-5-5 through 20-5-20, inclusive, of this Act, or authorized under Article 25 of this Act, shall be prejudiced in any way in contesting, in later stages of the proceeding, the amount to be finally ascertained to be just compensation.

Sec. 20-5-30. Interest payments. The plaintiff shall pay, in addition to the just compensation finally adjudged in the proceeding, interest at the rate of 6% per annum upon:

(1) Any excess of the just compensation finally adjudged, over the amount preliminarily found by the court to be just compensation in accordance with Section 20-5-10 of this Act, from the date on which the parties interested in the property surrendered possession of the property in accordance with the order of taking, to the date of payment of the excess by the plaintiff.

(2) Any portion of the amount preliminarily found by the court to be just compensation and deposited by the plaintiff, to which any interested party is entitled, if the interested party applied for authority to withdraw that portion in accordance with Section 20-5-20 of this Act, and upon objection by the plaintiff (other than on grounds that an appeal under subsection (b) of Section 20-5-10 of this Act is pending or contemplated), authority to withdraw was denied; interest shall be paid to that party from the date of the plaintiff's deposit to the date of payment to that party.

When interest is allowable as provided under item (1) of this Section, no further interest shall be allowed under the provisions of Section 2-1303 of the Code of Civil Procedure or any other law.

Sec. 20-5-35. Refund of excess deposit. If the amount withdrawn from deposit by any interested party under the provision of Section 20-5-20 of this Act exceeds the amount finally adjudged to be just compensation (or damages, costs, expenses, and attorney fees) due to that party, the court shall order that party to refund the excess to the clerk of the court and, if refund is not made within a reasonable time fixed by the court, shall enter judgment for the excess in favor of the plaintiff and against that party.

Sec. 20-5-40. Dismissal; abandonment. After the plaintiff has taken possession of the property pursuant to the order of taking, the plaintiff shall have no right to dismiss the complaint or to abandon the proceeding, as to all or any part of the property so taken, except upon the consent of all parties to the proceeding whose interests would be affected by the

dismissal or abandonment.

Sec. 20-5-45. Payment of costs. If, on an appeal taken under the provisions of Section 20-5-10 of this Act, the plaintiff is determined not to have the authority to maintain the proceeding as to any property that is the subject of that appeal or if, with the consent of all parties to the proceeding whose interests are affected, the plaintiff dismisses the complaint or abandons the proceedings as to any property that is the subject of the appeal, the trial court then shall enter an order: (i) revesting the title to the property in the parties entitled thereto, if the order of taking vested title in the plaintiff; (ii) requiring the plaintiff to deliver possession of the property to the parties entitled to possession; and (iii) making such provision as is just for the payment of damages arising out of the plaintiff's taking and use of the property and also for costs, expenses, and attorney fees, as provided in Section 10-5-70 of this Act. The court may order the clerk of the court to pay those sums to the parties entitled thereto out of the money deposited by the plaintiff in accordance with the provisions of subsection (a) of Section 20-5-15 of this Act.
