

This correspondence is for our guests that have registered for the conference, August 3—August 4, 2018. Please review important notes, below. If you registered a guest/s, please share this information with them.

1. The Jefferson Street bridge in downtown Joliet closed beginning July 9 for an anticipated 2-3 month repair project. This bridge is located immediately south of Harrah's with one-way traffic eastbound over the Des Plaines River.

- The closure will impact guests arriving to Harrah's property from I-55 and Route 30. The posted detour will send traffic south on Raynor Avenue to McDonough Street, east on McDonough to Chicago Street, and north on Chicago to Route 30.
- Coming from the west Bride Street and Ruby Street bridges will be operational.

2. The conference will begin Friday at 1:00pm with a board and membership meeting that will include elections. This meeting will take place in the TAHOE Room.

- Members with an Individual or Agency level membership have the opportunity to vote during these meetings.

If you cannot attend the meeting, but plan to attend special guest presentations on Saturday, that is fine. But we want you to understand that you will miss discussions on specific issues during the board & membership meeting.

- There will be beverages and snack items available during the meeting.
- Vendor: Dean Gluth, from InfoMax will present after the meeting.
- Afterwards, guests are free to socialize and network.

3. If you have a question, an emergency or an important message and need to get a message to us you may contact me at 217-415-0337.
